

# Peach + Basil

## Rich in Antioxidants

- Contains vitamin C, polyphenols, and carotenoids, which help fight free radicals and reduce inflammation.

## Supports Immune Health

- High vitamin C content boosts immune function and helps the body fight off infections.

## Anti-inflammatory and Antioxidant

- Basil's anti-inflammatory and antioxidant compounds may help lower blood pressure and cholesterol levels.

## Supports Liver Function & Detoxification

- Fights harmful bacteria, yeasts, and even some fungi; may support oral health and gut balance.
